Remember the Commercial Club will meet tonight at Peoples Bank.

All members of the Mt. Vernon Commercial Club are requested to meet at the Peoples Bank this evening.

F. J. Pennington and family are now residents of our town and we gladly welcome them back home. Mr. Pennington is opening a stock of groceries in the P. Q. Griffin building on West Main.

Reports from adjoining counties indicate that our neighbors are coming in fullforce to the Big Mt. Vernon FAIR AUG. 9-10-11. The roads are in better condition now than in years and those who have machines can easily come.

Yes, we are going to CLEAN-UP the Mt. Vernon Fair Grounds next Thursday July 27. There is plenty to be done and there will be plenty of Ice Water on the ground if you get too hot. A few teams, picks, shovels, hoes, mowing blades, small rakes, hammers and saws will be needed.

The prospects are good for something doing in the oil business in Rockcastle. The Rockcastle Oil & Gas Co., have machinery on the road and in less than two weeks drilling will be begun on land leased by that company. It is said that the first well will probably go down on territory adjacent to Mt. Vernon.

G. M. Ballard, J. R. C. C. Aug 20-1916.

One of the most important questions receiving the careful consideration of our teachers during the present institute, is that of Moonlight Schools. The committee which has this in charge will give explanation of the plans, etc., in our next issue. Keep a lookout for that article next week.

Mr. J. B. McKeehan, Republican candidate for Congress against Caleb Powers, spoke to a small crowd in the court house here yesterday, making a second speech on Fish's corner for a few moments. Mr. McKeehan has arranged for the publication in this paper next week of an article-headed an "Open Letter" which he says he is very anxious for the voters of Rockcastle to read before arriving at a decision as to whom their choice for congress will be two weeks from tomorrow.

The Rockcastle County's Teachers Institute began Monday. The Institute was organized by the election of Mrs. Georgia McClure as Secretary, and Miss Tanna Thompson the blind girl very kindly agreed to act as organist and a good one she has been. The following committees were appointed.

PROGRAM.

Prof. Pilkenton, S. E. Chandler, Mrs. Sarah Wallen, Dan Bullock J. L. Jones and J. W. Cox.

RESOLUTIONS.

Sherman Chastreen, Lee Webb, W. R. Dickinson, Theo. Pigg, Miss Elizabeth Hall.

ENTERTAINMENT.

Misses Georgia McFerron, Ethel Davis, Myrtle Bryant and Marguerite Welch.

The prize offered for the best public school record for last year was awarded to Miss Minnie Gentry.

The present institute which comes to a close today has beyond doubt been the best attended Institute ever held in the county, there being 115 teachers enrolled and the roll calls have always found those teachers in their seats on time.

Prof. J. W. Ireland who was here last year is in charge again this year and to have found an instructor who could or would have given more universal satisfaction would have been impossible. The teachers know Prof. Ireland who can claim a host of friends in Rockcastle, not only among the teachers but others as well and his popularity with all classes and professions has had much to do with making the two Institutes he has held in the county such pronounced successes.

Rockcastle's corps of teachers is not only a fine looking bunch but are really very well prepared, as naturally they would be expected to be. The majority of the teachers are trying to prepare themselves for the great work they are doing, and those who do not give any time to special preparation, are rapidly going to the back ground and finally down and out. Only those who strive to keep abreast the times will be found in the forefront in the future, because this is an age of progress and it is a very noticeable fact that the majority of Rockcastle teachers are in the progressive march.

In our next issue will appear the resolutions as adopted by the institute.

Fish's Rancosats and Slickers will keep you dry.

Mrs. Sarah Rickles who for the past year has been in Louisville, has returned to Mt. Vernon to spend the summer.

BILLIOUSNESS AND STOMACH TROUBLE

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbrake, Lima Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

J. M. Craig was in Cincinnati Monday with a car load of cattle, mostly cows and heifers, which sold at a low margin compared with last week. Those having heavy stuff on the market suffered heavy losses.

Monday Cincinnati Stock Journal says:

CATTLE.

Sellers were up against the worst cattle market in many days. It was a very slow and uneven trade for all classes of cattle and when bids could be had they were fully 25 to 50c lower than a week ago. Including the leftovers from last week, there were close to 2,500 cattle on sale. Local fresh receipts were 2,211 head, compared with 1,267 head a week ago. 1,233 head two weeks ago and 1,815 head the same day a year ago. The supply proved to be considerably more than the demand called for, and a big portion of the receipts were left in the pens at the close of the days business. The trade showed very little life at any time, owing to the indifferent demand from all sources, and the close was very dull. It was next to impossible to find an outlet for heavy steers, which were numerous, sellers being forced to carry over the biggest portion of offerings, practically without receiving a bid.

Strictly choice and light butcher cattle were quoted 15 to 25 cents lower than last Monday, while on the plainer and half-fat grassy kinds it was fully a 25 to 50c lower deal. Weighty heifers also were badly neglected, and when sales could be made, prices ranged unevenly lower than a week ago. All grades of cows sold a quarter lower, while canners moved on a 10 to 15c lower basis. The market for bulls was slow at barely steady to a shade lower prices. Desirable milk cows and springers ruled about steady under light receipts; medium and common milkers were again badly neglected and very hard to sell except for killing purposes. There was very little inquiry for stock and feeding cattle; receipts were liberal and the trade generally ruled slow at a decline of 25c per 100 lb. Veal supplies were fairly liberal today, demand was fairly broad, most offerings cashing at steady to 25c lower prices.

LOOK GOOD—FEEL GOOD

No one can either feel good or look good while suffering from constipation. Get rid of that tired lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c. at your druggist.

AUTO RACING.

Followers of the auto racing game will not be allowed to forget that "Wild Bob" Burman was one of the most daring and popular drivers that ever sent thrills thru enthusiastic audiences by his reckless performance on the various motor race courses of the country. A racing firm, known as the Burman Estate, in which his immediate relatives are interested, have taken over all the contracts and other agreements entered into by Burman before his last fatal race in California, and will carry out the program originally laid down by him, with such other engagements as can be arranged from time to time.

One of the big events in which the cars of the Burman Estate will participate is the first international sweepstakes race, to be held at the new Cincinnati Speedway at Sharonville on Labor Day, September 4. Three cars will be entered for the \$30,000 prizes, one of them being the machine driven by Burman when he met his sad fate, and the other two being driven by Teddy Tetzlaff and Tony Jenette, respectively. No driver has been named for the third car as yet. It is expected that the Burman Estate cars will be in Cincinnati the latter part of August when the two-mile course will be entirely completed and ready for all the preliminary trials.

HWY MENDURE SUMER COLDS?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine Tar Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

THE CASH STORE

The Test of Time Has Given Her Approval

To begin with the FORD Car was made right and sold right, the genius of Henry Ford did it. His vision was into the future, not the present.

While other manufacturers are discarding the models they declared perfect one year for a car of even more boasted merits the next, the Ford Company continues to make the "Model T." For seven years they have made but one car, made it to such a degree of perfection that changes have not been necessary.

Over one half of the automobiles are Fords and all Ford Chassis are exactly alike. The other half are made by two or three different companies, each company making two or three different models and changing these each year. This being the case it will readily be seen why Ford repairs can be so easily and readily obtained.

There are no obsolete Ford Models, you don't have to send to the Factory to have a repair part made, for you can get it immediately; right here in your own town they are carried in stock.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Gardui, the woman's tonic. She says further: "Before I began to use Gardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Gardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give
